CIRCULAR- 57

ISB Mobile App

Dear Parents,

We are pleased to inform you that the ISB Mobile App was officially launched on 13 October 2017 during the ISB Mega Fair. This Mobile App can be easily downloaded on iPhones and Androids from App Store or Play Store respectively by searching for "Indian School Bahrain". The ISB parents can login with the same user id (Member ID) and password used for accessing parent portal from the school website. If you don't have the password, open the parent portal from the website (www.indianschool.bh) and click on the get / forgot password link and follow the instructions. For further assistance or clarification, please contact the school IT department on it@indianschool.bh

The contents updated in the parent portal are automatically available in the Mobile App and parents will receive an alert on the mobile phones when contents are updated. In addition to the regular communication (emails, circulars, SMS, etc.) the following features will also be available in the Mobile App:

- The child's profile with the basic details.
- School Calendar with the list of events.
- Progress Card of the child issued by ISB from the date of admission.
- Fee payment/ dues related information.
- Photo gallery
- Communication with the class teacher (Presently in testing mode).

We will be adding more features like daily attendance etc. to this Mobile App in due course. We request the parents to utilize this facility to get connected with the school and to follow up the progress of the children. A snapshot of the home page of the Mobile App is given overleaf for reference.

With best regards,

V R Palaniswamy
Principal

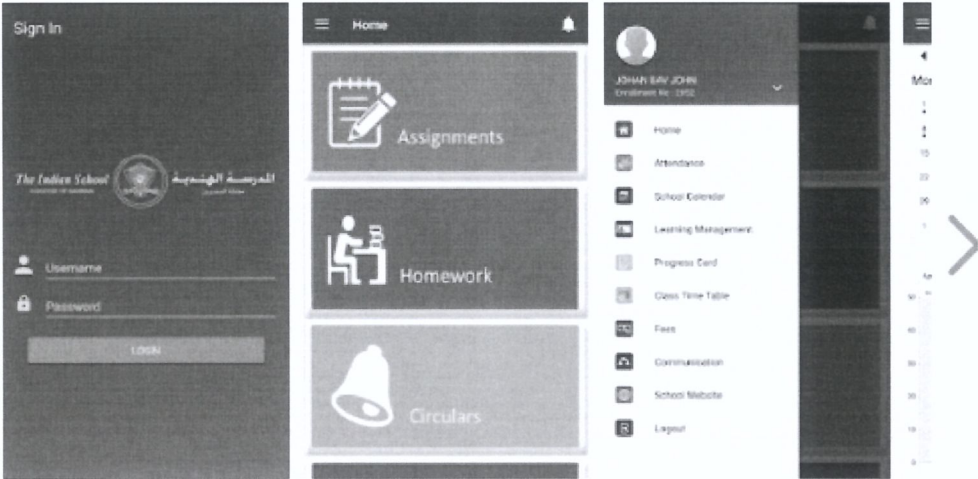

Indian School Bahrain Parent App

ETH Limited Education

★★★★★ 17

Mobile interface of ETH Digital Campus designed for parents. With this app, parents get access to all the information about their children.
