CIRCULAR- 43

ISB Robotics Club - Revised

Ref.: ISB / CR / 32 /19

Dear Parent,

Greetings!

We are pleased to inform that the Indian School Robotics Club activities will commence from 5th October 2019.

As we are aware that the basic concepts of Science, Technology, Engineering and Mathematics (STEM) seem very abstract to the school students when they learn by the traditional methods. It is inevitable to put the abstract theory into practice by developing the basic skills of the students. Robotics involves all the STEM concepts and makes the learning easy and fun and also helps the students to improve their creative thinking and problem solving skills which drives innovation from the students.

The participation is purely optional. The Robotics Club activities and the training will be conducted during the weekend holidays or after school hours by the experts in robotics. **A nominal fee of BD 20/- approx. per month will be charged on break even basis.**

The students of classes VI to XII, those who are interested to participate in the Robotics Club activities are requested to fill up the pro-forma given below and submit the same to their respective class teachers on or before **25/09/2019**.

Best regards,

V R Palaniswamy
Principal

ISB Robotics Club
Registration Pro-forma

I, _____ the parent of _____

G. R. No. _____ studying in Class _____ Section _____ hereby enroll my ward to participate in the ISB Robotics Club activities. I hereby ensure that my ward will abide by the rules and regulations laid by school in this regard.
